

Name: _____ Date: _____ Pd: _____

Stop Climate Change

One World Student Ambassador: Reinna Brummett Swayze

4: Reflection Response

Respond to the Reflection in writing. Choose to respond to all of the General Questions or one of the Topic Questions using a suggested format. Your teacher may decide to assign one for you. Your response should be about 2-3 pages.

General Questions:

- What were the strengths and weaknesses of this Reflection? Be specific in your response, explaining why each element did or did not work.
- What did you learn from reading this Reflection?
- How can you personally connect to this Reflection?
- Evaluate the quality of evidence included in this reflection.
- Are there other important factors to consider when forming an opinion about climate that Reinna should have considered in this Reflection?

Topic Questions:

- What responsibility do people have to spread the word about the effects of climate change? If they have a responsibility to share this information, what information must they make sure they consider?
- What countries have developed policies to address climate change? What are those policies and how are they being adopted? Research this topic and convey your findings.
- How can your community in particular take action to help climate change? What are the steps that would need to be taken?

Formats:

- Letter: Compose a letter to your local or federal government. Make sure you follow formal letter guidelines in your response.
- Multimedia presentation: Create a presentation or video that teaches other students about the topic. Include specific facts, visuals, and other relevant information.
- Article: Use an objective tone. Ensure that you cover both sides of the discussion.
- Story: Write a creative narrative that incorporates as many details as possible, while still addressing the topic question appropriately.
